Travelling

PROFILE

Result driven and detail-oriented Data Analyst with solid experience in SQL, Excel, and Python (Pandas, Matplotlib), as well as data visualization tools such as Cognos analytics, Power BI and Tableau.

Skilled at transforming complex datasets into clear, actionable insights to support strategic decision-making.

Reliable, intellectually curious, and quick to learn. I come from a technical background in the public sector, with a strong interest in nuclear security, renewable energy, and sustainable innovation.

EXPERIENCE

DATA ANALYST • MAR 2021 - DEC 2024 (REMOTE)

Agenco services – Accra, Ghana

- Clean and organize datasets for analysis.
- Assist in generating dashboards and reports.
